Goshen Trail Volunteer Maintenance Weekend

Do you need some BSA service hours? Do you enjoy the outdoors? Are you curious about the Goshen Trail System? We have an opportunity for you!

A dedicated set of adult leaders have scheduled a special weekend to remove fallen trees and other vegetation from the Goshen Trails. Most of the damage was done during the storm that hit Goshen at the beginning of the 2012 Summer Camp period. So much damage was done that the normal trail maintenance schedule will not be sufficient to get the trails in shape for summer, 2013. Trails are normally maintained by Goshen Bears and the Goshen OA Trail (GOAT) Crew.

When:

Friday evening, April 12, through Sunday noon, April 14, 2013.

Cost:

No fee, but all participants are responsible for their own food, lodging (camp sites available) and transportation (i.e., adult drivers). If you are part of a team, you can share your resources. You will need a packable lunch for Saturday.

Equipment:

Camp is not providing tools. Bring clippers, loppers, bow saws, weeders. Be sure to have work clothes, boots and gloves. Have a Day pack with room for working lunch, water bottles and personal first aid.

Arrangements:

Campsite is still being arranged, but it is expected to be Olmstead or Baird. If you desire a cabin, arrange that through NCAC. You can arrange for use of Goshen facilities – search for "facility usage"
http://www.boyscouts-ncac.org/online-resources/forms-documents/16644#Rental
Be sure to mention this work weekend event.
For Scouts, you may need a permission slip from your troop.
