ALL: Regional Conservation/Service Projects for Scouts & Troops:

- **Spring Restoration Project #1 Woodsboro Regional Park: April 6th**.

Planting 5 acres of trees (approx. 2-3,000 trees) at Woodsboro Park. The planting is sponsored by City of Woodsboro Council with involvement by a local Lions' Club and the Department of Natural Resources (DNR).

  - POC: Vonnie lcrum5755@comcast.net ; Bill Rittelmyer billrittel@hotmail.com and Mike Kay (DNR/Forestry Board Rep.) mkay@dnr.state.md.us.
  - Need to respond with Troops/number of volunteers to Vonnie.

- **Spring Restoration Project #2 (Chesapeake Bay Foundation) Long Delite Dairy Farm, Williamsport, MD: April 6th, 9:00am - 1:00pm.**

This project is on the Long Delite Dairy Farm, owned and operated by the Long Family who have been farming the land for six generations! The Long's are in the process of converting cropland to permanent pasture and fencing off 2,000 feet of a first-order stream which flows directly to the Potomac River. Volunteers will plant over 600 trees and shrubs to restore 3 acres of riparian buffer. Partners include the Washington County Soil Conservation District, the Maryland Grazers Network, Maryland Association of Student Councils (MASC), and the National Fish and Wildlife Foundation.

  - Units should go to www.cbf.org/calendar TO REGISTER and to check out other events

- **Spring Restoration (Chesapeake Bay Foundation) Project #3 Flowing Springs Dairy Farm, Union Bridge, MD: April 20th, 9:00am - 1:00pm**.

This project is on Flowing Springs Farm, owned and operated by the Arbaugh family. The Arbaugh's have recently fenced off over 6,000 feet of Wolf Pit Branch, a first-order tributary to Little Pipe Creek in the Monocacy River Watershed. Come help CBF plant over 1,400 trees and shrubs and restore a 7 acre stream buffer. This project is part of CBF's partnership with Washington Gas & Energy Services and Sterling Planet to sequester carbon through restoring forested stream buffers. The Carroll County Soil Conservation District provided technical assistance on the stabilized stream crossings for the cattle and the Chesapeake Bay Trust and the National Fish and Wildlife Foundation provided funding for the fencing and cattle crossings. Partners include the Maryland Association of Student Councils regional member CCSGA
