Goshen Scout Reservation
2011 All-Terrain Vehicle Specialty Camp
For Boy Scouts and Venturers

The National Capital Area Council has been selected to participate in a pilot program utilizing All-Terrain Vehicles (ATV's) in camp this summer. Each week during the summer, 12 Scouts/Venturers (age 13 and above) will participate, directed by two adults qualified to run the program. The program will run for the entire week, immersing the participants in this exciting program. Here's how the program will be run:

Participants will arrive on Sunday and camp in the Provisional Campsite at Camp Olmsted. Leadership for the site will be provided by the Camp Olmsted staff and adult volunteers. On Sunday, all participants will go through the usual orientation and first day's activities. Each day from Monday to Friday, the Scouts will remain in base camp (Camp Olmsted) for breakfast and the morning merit badge sessions where they will have the opportunity to work on merit badges of their choice or enjoy other program areas in camp. They may want to do the COPE program that runs each morning for 3 hours at nearby Camp Post. Lunch will be served in the dining hall at Camp Olmsted and, after lunch, the participants will be shuttled to the ATV program area at Camp Baird, home to Lenhok'sin High Adventure Base. The ATV program will encompass the remainder of the program day for the participants, from 1:30 to 8:00 PM, at which time they will be shuttled back to Camp Olmsted for the night.

- On Monday, participants will receive a 5-hour orientation developed by the ATV Safety Institute. This orientation includes a variety of video and hand's-on learning modules. An orientation "arena" will be utilized at Camp Baird where the participants will have their first opportunity to ride the ATV's on a controlled course.
- On Tuesday, the orientation will continue, including the first ride outside the training area.
- On Wednesday, after a review of safety procedures and ATV maintenance, the participants and directors will head out on their first long distance ride on the trails of Goshen Scout Reservation.
- Monday to Wednesday, participants will eat supper at Camp Baird with the camp staff.
- On Thursday and Friday, the participants and directors will pack up their gear and head out for an overnight campout in the back country. They will return to base camp on Friday morning, inspect and repair the ATV's as necessary, and finish up the program by providing feedback on their experience.

Participants do not need to have prior experience riding ATV's. Through the orientation and practice sessions, you will become experienced in riding and ready to go for some great adventure rides on the trails at Goshen Scout Reservation!

A Note to Parents: Honda of America has agreed to supply all participating councils with properly sized ATV's, as well as safety equipment for all riders (helmets, goggles, knee and elbow pads, etc.). Our staff will be trained in first aid procedures that might be required and they will carry a first aid kit, radio, and other safety equipment as required by the National Council. All state and local laws governing the use of ATV's will be followed.

Participation is limited to the first 12 registrants each week. Please complete the registration form and mail with your payment as soon as possible to guarantee your space.

Important note: participants must not exceed 175 pounds in order to participate in this program.
