Courses are taught as Montgomery District classes, National Capital Area Council (NCAC) classes, and on-line with links at ***http://www.olc.scouting.org***. Note the changes in Cub Scout Leader Training – it is all on-line now! In live classes the staff is made up entirely of volunteers giving of their time, both to prepare for the classes and to teach them. They do this because of their love for and commitment to Scouting and what it stands for. But we know you do, too - so here is where you come in. We always need more instructors and staffers. We ask that you give serious consideration to joining one of the instructional teams. There is help available in the form of a Trainer EDGE class taught as a NCAC class at least twice every year, in August and January. Contact John Dillon for more information about Trainers EDGE.

Following is list of courses and dates, a discussion of required training requirements, what training is required to become a trained leader in your scouting position, and a catalog of the training offered in 2011-2012. Cost and location are omitted as both can change but are published four to six weeks before every course offering by a link on the Montgomery District calendar located through the NCAC Montgomery District Web Page on ***http://www/boyscouts-ncac.org/montgomery***: click on Training & then click on either Calendar or Maryland North Service Area Training to locate dates & information for training events.

Special Note Regarding
On-Line Leadership Development Training

When signing in to take an on-line course at ***http://www.olc.scouting.org***, Scouters must have their individual BSA registration number in order for the course to be credited to them in the NCAC Training Records. One obtains a BSA registration number by having submitted an Adult Volunteer Application Form through their Unit Leadership. Once processed, a Scouter can get their BSA registration number from a number of sources: their membership card, the unit charter, a District Executive, or the front desk personnel/operator at the Marriot Scout Service Center. For help in signing in to My Scouting see: ***http://www.boyscouts-ncac.org/openrosters/ViewOrgPageLink.asp?LinkKey=34836&orgkey=1934***

NEW: Required Youth Protection Training for ALL Registered Volunteers and Required Leadership Development Training for ALL direct contact leaders

As of June 1, 2010, Youth Protection Training is required for all registered volunteers. New leaders are required to take Youth Protection Training before they submit their application for registration. *THIS IS A BRAND NEW REQUIREMENT!* The certificate of completion for this training must be submitted at the time application is made and before volunteer service with youth begins. Youth Protection Training must be taken every two years. If a volunteer's Youth Protection Training record is not current at the time of recharter, the volunteer will not be reregistered.

As well, in order to recharter your units in January 2012, all Cubmasters, Scoutmasters, Varsity Scout Team Coaches, Venturing Crew Advisors and Sea Scout Skippers MUST be fully trained in their position. *THIS IS A BRAND NEW REQUIREMENT!* In order to recharter your units in January 2012, *ALL* direct contact leaders must be fully trained in their position. Direct contact leaders are those who come into direct contact with youth members, and include assistants to the top leaders such as Assistant Cubmasters, Assistant Scoutmasters, Assistant Varsity Team Coaches, Associate Venturing Crew Advisors, Sea Scout Mates and ALL Den Leader and Assistant Den Leader positions. See pages 15 and 16 for Frequently Asked Questions (FAQ's) on Required Leadership Development Training.

When is a leader considered trained?

That depends on the program in which the Scouter is registered. Also, see page 2 of this catalog. Before taking any course in Scouting, the Scouter should have submitted an application through the unit committee to be registered in their position. At the completion of each course, the lead trainer submits the course roster to the NCAC for posting in the national computer system. If the Scouter is not registered, the record of having taken the course cannot be posted.

Cub Scout Leaders are considered trained when they have completed (1) Fast Start (FS), (2) Youth Protection Training (YPT), (3) This Is Scouting, and (4) Cub Scout Leader Specific Training (CSLST) for their position. When the Scouter changes positions in Cub Scouting he or she must take the training for the new position; the *Trained* patch may only be worn below the Badge of Office for which the Scouter has trained. The six position-specific "subcourses" are Tiger Den Leaders, Cub Scout Den Leaders (Wolves and Bears), Webelos Den Leaders, Cubmasters & Assistant Cubmasters, Pack Trainers and Pack Committee Members. Individuals who were fully trained before August 31, 2001 in Cub Scout Leader training for a current

registered position need not take CSLST, but do need to upgrade for any change in position. Beginning in the Fall of 2010, ALL Cub Scout Leader training is on-line.

Scoutmasters & Assistant Scoutmasters are considered trained when they have completed (1) Fast Start, (2) Youth Protection Training, (3) This Is Scouting, (4) Scoutmaster Specific Training for Scoutmaster and Assistant Scoutmaster a/ka Indoor Training, and (5) Introduction to Outdoor Leader Skills (IOLS) a/k/a Scoutmaster Outdoor Training. Individuals who were fully trained in any previous versions of Boy Scout Leader Training prior to December 31, 2001, need not take training again.

Boy Scout Troop Committee Members are considered trained when they have completed (1) Fast Start, (2) Youth Protection Training, (3) This Is Scouting and (4) Troop Committee Challenge (TCC) as their Leader Specific Training. The *Trained* patch may be worn below the Badge of Office for the committee position for which trained, only. If a committee member, trained in Troop Committee Challenge becomes a Scoutmaster or Assistant Scoutmaster, the *Trained* patch should be removed until the requirements for training for the new position are completed. All of these courses are on-line.

Varsity Scout Team Leaders and Assistants are considered trained when they have completed (1) Fast Start, (2) Youth Protection Training, (3) This Is Scouting, (4) Varsity Scout Leader Specific Training, and (5) Introduction to Outdoor Leader Skills (IOLS) a/k/a Scoutmaster Outdoor Training.

Venturing Crew Advisors, Associate Advisors, and Crew Committee Members are considered trained when they have completed (1) Fast Start, (2) Youth Protection for Venturing Leaders, (3) This Is Scouting (4) Venturing Leader Specific Training and if your crew has an active outdoor program, then (5) Introduction to Outdoor Leader Skills (IOLS) a/k/a Scoutmaster Outdoor Training.

Sea Scout Skippers, Mates and Ship Committee Members are considered trained when they have completed (1) Fast Start, (2) Youth Protection for Venturing Leaders, (3) This Is Scouting and (4) Sea Scout Adult Leader Basic Training.

NEW: Adult Personal Training Record

With the onset of Required Leadership Development Training for direct contact leaders that is a *requirement* for unit rechartering, it is even more important today that each individual Scouters' training records be up-to-date at both the Montgomery District and NCAC levels. The NCAC Adult Training Update Form (last page of this catalog that can be pulled off to duplicate, fill out and turn in) provides a method to up-date each Scouter's records to reflect all training completed. Help your Unit and the District Training Team up-date all training records by recording each Scouter's training on this form and turning in a copy to the Montgomery District Training Team and to each Scouter's Unit. To submit to the Montgomery District Training Team, please e-mail it to: ***mdtrainingrecords@comcast.net*** The form is also available for download at ***http://www.boyscouts-ncac.org/montgomery*.**

Leadership Development Training Recognition

Upon Completion of the coursework described above, leaders are considered trained for their positions and are entitled to wear the ***"Trained"*** patch under the patch showing their scouting position. These patches are presented at the completion of the training courses. Demonstrated performance and tenure in the position for which the Scouter is trained may earn additional recognition in the form of a Certificate and Square Knot emblem. It is each Scouter's responsibility to keep track of the completion of the performance requirements on the Progress

Record form for the position. When performance and tenure requirements have been completed the form is turned in to a member of the training committee who will pass it to Mary Lou Gundersen/***mlgundersen@comcast.net*** who will approve the completion and submit the form to council for processing.

MC Training Catalog
Leadership Development Course Descriptions

Fast Start Training (FS)
Fast Start Training should be taken by every new leader within a few days of accepting their position. It is readily available on the NCAC website under the Training tab. While Fast Start Training is a good introduction to the program, it is just a teaser of better training to come. It is the responsibility of the unit committee, or in Cub Scout Packs, the pack trainer, to be sure new leaders take Fast Start Training and then go on to complete the full training described below.

This Is Scouting:
Here is where it all begins under the BSA training program. This Is Scouting is the entry-level course required for all Scout leader training. It is the foundation for building award winning "Centennial Quality Units". Online course gives new leaders an overview of the entire Scout program. It covers: the purposes, aims and methods of Scouting; organization and structure of Scouting units; program funding; safe Scouting; and, the appropriate teaching methods for all ages and stages of youth and young adults. You do not need to repeat this class, as you take additional leader specific training for any additional scouting position. Note: This Is Scouting replaces New Leader Essentials.

Youth Protection Training (YPT) and Venturing Youth Protection Training (VYPT)
Youth Protection Training provides adult volunteers with an understanding about child abuse and the youth protection policies of the Boy Scouts of America. This course is required training for al volunteers in Scouting, and all NEW Volunteer applications MUST have attached to it a certificate evidencing completion of either YPT or VYPT when submitted. This course is required to work at or participate as a Volunteer in ALL Pack, Troop, Varsity, Venturing, Sea Scout, Exploring, Council or National sponsored events. *Re-certification is necessary once every two years, and failure to be current at rechartering will result in rejection of a re-registration for a Volunteer.* Youth Protection Training can be taken online by going to ***http://www.olc.scouting.org*** or live **s**essions can be scheduled for units or groups upon request.

Cub Scout Leader Position Specific Training (CSLST)
This training is for all Cub Scout Leaders serving in any registered position and is offered on-line. The course has a general introduction to Cub Scouting followed by Position Specific Training in breakout sessions for leaders and their assistants who are Tiger Den Leaders/Cub Scout Den Leaders (Wolf and Bear)/Webelos Den Leaders, Pack Trainers, Cubmasters, and Pack Committee Members. If a Cub Scout Leader changes jobs within the Pack, the leader must go back to training to attend the Position Specific Training breakout sessions (also known as Upgrades) for the new registered position. Fast Start Specific for your registered position, Youth Protection Training and This is Scouting are prerequisites for Cub Scout Leader Position Specific Training.

Basic Adult Leader Outdoor Orientation (BALOO)
This course is for Cub Scout Leaders and registered adults. For packs wishing to camp, it is required that at least one leader OR PARENT (does not have to be a TRAINED Leader to be a BALOO Trained Adult BUT needs to REGISTER as an adult volunteer) in attendance at the campout has completed the course. Of course, we are hoping Packs will send several leaders and parents. BALOO covers basic camping skills with a heavy emphasis on the BSA-approved techniques for providing a safe and fun camping experience for both cubs and their parents and

leaders. BALOO training is not required for Webelos den camping, but the next course listed is highly recommended for Webelos Den camping.

Outdoor Leader Skills for Webelos Leaders (OLSWL)
OLSWL is always taught in an outdoor setting. The emphasis not only on basic camping and outdoor skills, but also on completion of activity badges that can best be accomplished in an outdoor setting. OLSWL provides a how-too, hands-on, training experience in planning and conducting Webelos outdoor and overnight activities. It reinforces, without duplicating, what you learned in position specific training which is recommended, but not a prerequisite, for OLSWL. OLSWL is not mandatory to take a Webelos den camping. A Webelos Scout may participate in overnight den camping when supervised by a trained adult. In most cases, the Webelos Scout will be under the supervision of his parent or guardian. It is essential that each Webelos Scout be under the supervision of a parent-approved adult. Joint Webelos den-troop campouts including the parents of the Webelos Scouts are encouraged to strengthen ties between the pack and troop. Den leaders, pack leaders, and parents are expected to accompany the boys on approved trips. OLSWL provides the foundation for a successful Webelos Den Camping experience and is an overnight class usually running from morning Day 1 through early afternoon Day 2.

Pow Wow
Pow Wow is the premier Cub Scout Leader training event of the season. This all-day event offers approximately 50 different Cub Scout related classes over the course of a day. There are classes of interest to leaders and parents serving in every position in Cub Scouting. There are no prerequisites. Students pick their own schedule of up to six classes to ensure their time is spent in classes most closely aligned to their cub leader positions and areas of interest. BALOO (an all day course) and Den Chief Training (two sessions) are also often available in separate modules at Pow Wow. A link to the courses and registration can be found on the NCAC Training web page. This is an adult training only except for Den Chief which is for the Boy Scout. It is in November.

Scoutmaster Specific Training a/k/a Indoor Training
This is a day-long class or three evening classes focusing on the tasks that Scoutmasters and Assistant Scoutmasters have to deal with routinely. This is the fourth of five required training courses needed to be considered trained as a Scoutmaster or Assistant Scoutmaster and to wear the *Trained* strip for a SM or SA (the other four courses needed being Fast Start Training, Youth Protection Training, This Is Scouting and Introduction to Outdoor Leader Skills). Scoutmaster Specific Training will provide you with a basic understanding of what it means to become a Boy Scout Leader and how to foster and lead a boy-run, patrol method based troop.

Introduction to Outdoor Leader Skills (IOLS) (for Venturing, and Varsity Leaders, too)
This is a two-day program of instruction designed to teach scouting leaders skills in the outdoors. It is designed to address the outdoor training needs of Scoutmasters, Assistant Scoutmasters, Troop Committee Members, Varsity Scout Leaders, Venturing Leaders, Sea Scout Leaders and District Staff. Attendees will camp out using their own or shared equipment (from your Troop, or check with the training staff if help is needed) and will cook their meals in a patrol setting. Formal skills training sessions include hands-on work and information for Scouting leaders in: leave no trace, ropes (whipping, tying, lashing), woods tools (knife, saw, ax), fire site preparation & building, cooking, lanterns & stoves, first aid, plant & animal identification, campfire preparation, packing & hiking techniques, and map & compass reading.

Troop Committee Challenge (TCC)
Boy Scout Troop Committee Challenge, is training designed for the Troop Committee Chairman, Committee Members and interested parents. It consists of completing the Troop Committee Challenge available on-line at the NCAC website. A link to the online class is found at ***http://www.olc.scouting.org***. Those who take the on-line training are also strongly encouraged to attend the 3rd session of BSLST (last 2 hours in the one day program or the 3rd night of the 3 night program).This training will help troop committee members deliver a quality program in support

of the troop, the Scoutmaster, and the Scouts, by helping to build the commitment of individual committee members, as well as cultivating a better troop committee team. To be considered trained in a troop committee position one must be a registered adult and also complete Fast Start, Youth Protection Training and This Is Scouting (all available on-line).

High Adventure Leader Training
High Adventure Leader Training covers basics for high adventure leaders, advisors, and parents sending their boys (and girls in Venturing) to a high adventure base type of activity. The class is required for Philmont advisors and recommended for adults taking scouts on other high adventure trips such as Lenhok'sin, Sea Base, Maine and Northern Tier. It is offered by NCAC.

Back Country Outdoor Leader Skills (BCOLS)
The Council Training Committee offers back Country Outdoor Leader Skills as an optional follow-on to the Outdoor Leader Skills training described above. This course is designed to assist Scouters who are working with older youth using a backcountry venue. While this course provides exposure to skills useful in any backcountry activity, its primary focus is preparing adults for backcountry activities that will take place at locations not supported by BSA infrastructure such as backpacking trips along the Appalachian Trail. It is offered by the NCAC. This is a requirement for Philmont and may also be required for other High Adventure facilities.

University of Scouting
The highlight NCAC training event of the year is the University of Scouting. This is an annual opportunity, held in February, to pick just the classes you want from more than a hundred being offered covering Cub Scouting, Boy Scouting, Varsity, Venturing, Sea Scouting and District Operations. There is specialized training in a wide variety of cross cutting subjects as well as the full range of safety certification programs and BALOO. You can earn credits towards a Scouter's Bachelors, Masters, or Ph.D. degree, or come just for the courses, fun, and great fellowship.

Den Chief Training (DCT)
The online course is a Fast Start course and should be taken as a prerequisite to the in person course for Boy Scouts serving as Den Chiefs, and is offered both in the MC District (October 23 & April 28) and at Pow Wow (November 20). The course trains Boy Scouts in the necessary skills to take on and be successful at this vital youth leadership position. The course is designed to motivate Boy Scouts through fun, learning skills, playing games and participating in activities that will help them understand their role in the weekly Den meetings. Many Boy Scouts who become Den Chiefs were never Cub Scouts and this course helps them understand that program. Boys attending will be able to better lead and get along with Cub and Webelos Scout age boys. Both Adult Boy Scout and Cub Scout leaders who manage the Den Chief programs for their Troops or Packs are encouraged to accompany their Den Chiefs and participate and assist at the in-person training, or by reviewing the on-line course.

National Youth Leader Training Conference (NYLT)
The National Youth Leader Training Conference is patterned after Wood Badge for the 21st Century for Adults (see below). The purpose of NYLT is to support, not replace, the Scoutmaster's role in the training of junior leaders. NYLT is a week-long or multi-weekend experience designed to train the participant in team building and leadership in an outdoor long-term camping setting, calling on the use of First Class rank Scoutcraft skills. The course is conducted by a staff of volunteer Scouts and Scouters selected by the NCAC Junior Leader Training. NYLT is not another summer camp, but an intense and challenging leadership experience. There are no merit badges offered. Every game, activity, ceremony, and even each meal is designed to be part of a total training experience. Participants get very little free time. Everything is keyed toward meeting the training objectives. The class is held at Goshen Scout Reservation's Camp Baird, Goshen VA and Camp Snyder, Haymarket VA.

Varsity Coach Leader and Venturing Leader Specific Trainings (VCLST and VLST)

These two courses provide an introduction to unit organization, leadership training, program development and resources, high adventure, awards and recognition, safety, and youth protection in Varsity and Venturing Scouting programs. These courses are designed for all adult leaders in these programs – advisors, coaches, committees, commissioners, and chartering organization representatives. They are held in the MC District, and are also available in other Districts throughout the year and at University of Scouting.

Sea Scout Adult Leader Basic Training (SeaSALT)
This course provides an introduction to unit organization, leadership training, program development and resources, high adventure, awards and recognition, safety, and youth protection in the Sea Scouting program. This course is designed for all adult leaders in this program – skippers, mates, committee members, commissioners, and chartering organization representatives. It is held in other Districts throughout the year and at University of Scouting.

Powder Horn
Powder Horn is a six-day course where adult leaders (Venturing, Varsity, and Boy Scout) get to learn about and do hands-on a variety of outdoor adventures, sports, and Venturing Ranger skills. It is like going to camp and getting to be one of the kids - without the kids around. You will learn SCUBA, canoeing and kayaking, sailing, climbing and rappelling, shooting, COPE, GPS and land navigation, horseback riding, caving, wilderness survival, advanced first aid, cooking (and eating of course), advanced backpacking, mountain biking, and more. The course is usually conducted every other year over two three-day periods. The next class is in September 2011.

Outdoor Skills Safety Training
Training is offered on how to safely conduct outdoor activities such as swimming, boating, trekking, and rock climbing and in accordance with BSA Policies. Montgomery District makes these courses available upon request and is also offered at University of Scouting. Safe Swim Defense and Safety Afloat are online at ***http://www.olc.scouting.org***. See also the quarterly NCAC Scouter's Digest, Roundtable and the NCAC Training Calendar for current information on theses classes. The most current BSA Guide to Safe Scouting is posted on the BSA National Council web site at ***www.scouting.org*** under adult leader publications and resources for download or perusal. Hard copy editions are available at the Scoutshop for a nominal cost.

Wood Badge Training
Wood Badge for the 21st Century is designed for all Cub Scout, Boy Scout, Varsity Scout and Venturing Leaders who have completed basic training for their position. It is a leadership skills course, based on a format originally created by Scouting's Founder, Lord Robert Baden Powell and is considered the "Ph.D." of Scout training. The course is held over three days over two weekends about a month apart. Participants are required to attend each weekend in its entirety, including all day on Friday (arriving by 8:00 AM). The course will deal with cutting edge leadership and management skills while using a structure built on Scouting's organization and unit program. More information can be obtained from the NCAC website at ***www.boyscouts-ncac.org***. Click on "Training" and then "Wood Badge" to get the data and forms to download.

Chartered Organization Representative Training (COR)
COR Training is for Scouters who are new to the Chartered Organization Representative role and provides an overview of the responsibilities that come with that important position. Fast Start COR Training can be found at ***http://www.scouting.org/Training/Adult/CORFastStart.aspx***. This Is Scouting is not a prerequisite for COR Training but it is recommended for CRs not familiar with the Scouting program. It is available upon request for new units and new COR's upon request to John Dillon.

Merit Badge Counselor Training
Merit Badge Counselor Training teaches the role of the MBC as both teacher and mentor to the Scout as he works on the merit badge. It comprehensively reviews how the Merit Badge

Counselors should be satisfied that each Scout under their guidance meets all the requirements set forth for the merit badge. It teaches the role of the Merit Badge Counselor as both an examiner and a coach—helping Scouts over the different hurdles of the requirements and helping make them aware of the deeper aspects of the subject from their knowledge and experience. It teaches that the counselor should test the Scout to ensure that he has completed all the required work but ***may not modify the merit badge requirements*** in the process. This standard ensures that the advancement requirements are fair and uniform for all Scouts. This course is offered upon request by the District Advancement Committee.

Life To Eagle This course is offered by the District Advancement Committee. Eagle Advancement Chairs, Scoutmasters, Parent of Life Scout and Life Scouts should attend. This course will inform you of all the latest Eagle requirements as well as all the information you need to complete the workbook and application. This is a very important course to take if planning on becoming an Eagle Scout.

Safe Swim Defense and Safety Afloat (SSD/SA)
Safe Swim Defense and Safety Afloat are required classroom training courses for any unit to participate in ANY aquatic activity. This training is offered to any registered adult leader, and is appropriate for Cub Scout, Boy Scout, Varsity Scout, or Venturing Leaders. Both courses are available upon request, at Goshen Scout Reservation and Camp Snyder during long term camping on one evening at Aquatics during your stay, and also on-line at ***http://www.olc.scouting.org*.**

Hazardous Weather
This is a course found on-line at ***http://www.olc.scouting.org*** and required for all Tour Permits**.**

ICB/Community Use of Public Facilities Training - @ May Roundtable!
To rent a school building or public facility you must take this training. Do not miss this special opportunity! As an accommodation, scout groups may request space for their regular meetings covering the entire school year between July 15 and August 1. Please note that schools have first priority for all space and CUPF cannot schedule community use until the schools schedules have been accommodated. Other groups must submit dates twice a year.

Supplemental Training Modules - *Online from BSA National*

Supplemental training modules and power-point presentations are designed to provide orientation beyond the basic training offered in This Is Scouting and leader-specific training. Each module is a unit of training that can be used as an outline for a group, for personal coaching, or for self-study. Most of the outlines should require about an hour to complete. Consider each unit of study to be an introduction to the subject. Scouters are welcome to download subjects that are of interest for personal or unit use. There are no training credits associated with the completion of these units of study. Additional training units are being developed and will be continually added online and are online at ***http://scouting.org/BoyScouts/TrainingModules.aspx***. There are now more than we list here, but some of the modules available include:

MODULES:

Mentoring

Mentoring is an opportunity to help a person grow through discovery. This session will address various mentoring models and ways to be a mentor to Scouts and Scouters.

Chain Saw Safety

This training outline provides local councils with the resources to train chain saw operators on council property.

Merit Badge Counselor Instructors Guide

Before beginning work with Scouts, merit badge counselors are guided through their responsibilities and provided an understanding of the methods of counseling Scouts.

Board of Review Training

This module will train troop committee members and others in the purposes of the board of review, offering suggestions for the types of questions that can or should be asked.

Geocaching to Promote Scouting

Geocaching is an exciting new sport that uses GPS navigation to find hidden treasures. It provides another tool for the fun-with-a-purpose toolbox and can combine outdoor adventure with advancement, recruiting, retention, and public relations.

The Order of the Arrow and Your Troop

This session discusses the benefits to the individual, troop, district, and council as a result of the Order of the Arrow's influence in your troop.

Orientation for New Boy Scout Parents

This brief orientation is designed to draw new parents into the troop experience and give them the information they need to enjoy the program and help their sons succeed.

Planning and Conducting a Safe Scout Outing

Safe Scouting can happen if you follow the Scout motto—Be Prepared. This unit of supplementary training will describe how to plan for and conduct a safe Scout outing.

Recruiting Quality Training Staff

This provides an overview of the steps involved in recruiting quality training staff and allows participants to take a step-by-step practice run through the recruiting process.

Scoutmaster Conference Training

Teaches Scoutmasters, Assistant Scoutmasters, and other troop leaders about the purposes of the Scoutmaster's conference and offers suggestions for questions that could be asked at these conferences.

Selecting Quality Leaders

This session will provide an overview of the seven steps to recruiting a key adult unit leader and will prepare participants to recruit new leaders for their units' needs.

The Youth Leadership Training Continuum

This supplemental training module is designed for Scout leaders and parents who want to understand the youth leadership training continuum.

Bullying: Prevention and Intervention Tips for Scout Leaders and Parents

The values of Scouting make it clear that bullying cannot be tolerated. Scouting leaders have a unique opportunity to teach respect and acceptance of others.

Conducting an Interfaith Service

Scouts and unit leaders can learn to conduct an interfaith service (formerly a Scouts' Own) that is inclusive for all participants.

Cub Scout Roundtable Commissioner Fast Start

This module provides a general overview of roundtable commissioners' responsibilities, as well as an outline for roundtable meetings.

NCAC Required Leadership Development Training FAQs

(This information is from the NCAC Training Committee)

Q. Define top leaders.
A. The top leaders are Scoutmasters, Varsity Scout Coaches, Cubmasters, Venturing Crew Advisors, and Sea Scout Skippers.

Q. The pilot year begins January 1, 2010. Do untrained leaders have all year to complete training?
A. Yes.

Q. What is the next phase of the pilot program?
A. Beginning January 1, 2011, all direct-contact leaders will be required to complete training. Direct-contact leaders are anyone who comes into direct contact with youth members, and includes assistants to the top leaders and all den leaders.

Q. What is being done to help us meet the goals of the Top Leader Trained program?
A. We hope to help unit leaders in three important ways:
1. We are expanding our training teams so that we can schedule additional leader position-specific training and outdoor skills courses.
2. We are coordinating training schedules within each service area so that the number of course deliveries is maximized and encouraging Districts to invite participation of Scouters from other Districts.
3. We will continue to offer training at Goshen Scout Reservation during summer camp. .

Q. What about the tenured leader who has never completed training?
A. While they have probably been trained while performing their roles, it is important for them to participate in the current training so that they and the new leaders entering their unit will have a common language and perspective. There is more than one way to participate in training – every district training team is looking for experienced Scouters willing to help deliver the training.

Q. What about the person who refuses to take training?
A. Since the unit belongs to the chartering organization, dealing with Scouters who refuse to take the required training is the responsibility of that organization. They've already accepted that responsibility when they signed the Annual Charter Agreement. In that agreement the organization agrees to screen and select leaders that meet the leadership standards of the BSA.

Q. What about the Introduction to Outdoor Leader Skills?
A. All Scoutmasters and Varsity Scout Coaches must complete Introduction to Outdoor Leader Skills to be considered trained. Also, all Advisors of Venturing crews that have an outdoor program must complete Introduction to Outdoor Leader Skills. Here again, while they may have been trained while performing their roles, it is important for them to participate in the current training so that they and the new leaders entering their unit have will have a common language and perspective. There is more than one way to participate in training – every district training team is looking for experienced Scouters and those with experience willing to help deliver the training can accomplish the requirements by doing so.

Q. Many of the training courses are online, but everyone does not have access to a computer. How do we handle this?
A. All of the online courses are also available as a DVD to allow for group training. In a worst-case scenario, volunteers can go to the council office or their local library to complete online training.

Q. How will we know that required training will make a difference?
A. A process to measure success is being developed. History has shown that where there have been increases in the number of trained top leaders there has been improved retention, improved advancement and camp attendance, and even improved participation in council fundraising efforts!

Q. How do we update our training records?
A. The NCAC Training Committee, working with NCAC staff, will send existing training information to each District Training Chairman. The districts will validate the training information with each unit, gather any updated information, and send back to NCAC for input back into the ScoutNet database. See pages 6 and 7 of this catalog under the heading -- NEW: Adult Personal Training Record.

Q. How will the District Training Chairman provide the Unit with their data?
A. Even though this will be specific to each District, the District Training Chairman will provide each Unit with a data file (in various formats) that will have training information for the Unit Leader upon request. Your Commissioners have this information available to them as well. Unit Leaders then provide updates as needed to ensure their records are update to date. The NCAC Training Update form provided by the District Training Chairman can be used to update training records. The form is the last page of this catalog. Copies of training cards can also be provided, but are not required.

Q. How long will the Unit have to return this data to District Training Chairman?
A. This segment of the Pilot program will run for one year. Units should return their data to the District Training Chairman as soon as feasibly possible. This way the Unit and Leaders of that Unit will be ahead of the requirements and can possibly move to the next segment of this Pilot to validate the remaining direct contact leader's training data.

Q. Even if I know that the Leaders in a Unit have been fully trained, do I still need to fill out the paper work?
A. Short answer, YES. It is essential that all the verifiable evidence be provided to the District and Council and then to National, via ScoutNet, so that all layers of the BSA Leadership know that the NCAC has fully trained Leadership.

Q. When should the Unit start seeing the data the Unit needs to fill out?
A. District Training Chairman (and Montgomery District Commissioners) have available the data that the Unit will be addressing. The Unit should see this information soon if it has not already. If you have not received it or need replacements, please contact your Unit Commissioner, District Training Chairman, or District Executive.
