Spring Workend May 14 – 16, 2004

Workend Manager's Column

by John Ruppel

Here we are, getting ready for the Spring 2004 Workend. After a good showing last fall, all of us should be looking forward to the first weekend after Mother's Day. I have asked Mike Jolly, our new primary Goshen contact, to start a list of jobs that the reservation needs to be ready for the 2004 summer season. As I get the job list, I will try to contact prospective crew leaders, so that they will be able to do some pre-planning of their own. While we will not be completely successful this spring, one of my goals is to work to improve this pre-planning for each workend. Some jobs change or become known at the last minute. So we will always have changes as we arrive at Goshen.

Dennis Bogan has taken on the job of directing the design and building of the new chapel at Camp Ross. When we talked late last fall, Dennis said that he would need a concrete finisher for this fall's Workend. If anyone is a concrete finisher or knows one who would help this spring, please contact Dennis at denbogan@aol.com, or contact me at rupprljb@erols.com.

Don't forget to encourage your friends, both old Bears and New Bears, to work with us at the next Bears Workend. To remain an active service group, we need to recruit New Bears and to encourage returning Bears so that we can continue our tradition of service to the Goshen Scout Reservation. I hope to see everyone on Friday evening at Camp Post, ready to make the Goshen Scout Reservation the best prepared camp in the country for the 2004 season. With your help, we can do it.

Your Workend Manager

John Ruppel

From the Mouth of the Head Bear

by Jim Sundergill

From what I have read, the Fall Workend was great. I'm sorry that I missed it. For those of you who didn't hear, I slipped a disk in my lower back about a week or two before the Workend. We originally thought surgery would be needed but it straightened out after about 5 or 6 weeks of physical therapy.

That was the good news. The bad news is that on the very last day of PT, I started to have some pressure on my chest. Being a typical Bear, I was sure it was nothing but to humor my wife, I went to the emergency room for a check. Three days later I was back home from the Washington Hospital with two new cardiac stents.

However, I'm up and around again and looking forward to the spring Workend. I hope to see all of you there. So mark your calendars for the weekend of May 14 – 16.

FROM THE DESK OF THE RECRUITING MANAGER

As you all have noticed over the last 6 to 8 workends, our numbers of bears have decreased. We can count on our old faithfuls and thank God the 20 or so new bears who come and go, but you can see the writing on the wall. If we don't earnestly recruit more, we will really be in trouble without a steady flow of dedicated long term bears. Please make an effort to ask and bring down one or two new bears next workend. To give you an idea, I needed my car looked at and the mechanic had been a Scoutmaster several year ago. He knew about the Bears and because I mentioned it, we will have a new Bear (or two) next spring.. It's easy, just ask. Please keep your eyes and ears open for new blood. Some of you are doing a great job but don't stop. Remember, I will send each new bear a "welcome" letter if you call me. My phone number is 301/770-7236 and my email is amenso31@comcast.net. Let me hear from you.

YIS,

Adreon

THE BEAR FACTS GOES HI-TECH

As many of you already know, this issue of *The Bear Facts* was emailed to Goshen Bears whose email addresses are on record in our data base. Everyone else was mailed a hard copy of the paper. The electronic version was received much earlier than the ones that went by postal mail, they cost the Goshen Bears a lot less to deliver and the recipients got their paper with color pictures rather than the black and white ones which we have to use when making hard copies.

If you got a hard copy and would prefer to get an emailed version, send your email address to the following email address:

jim.sundergill@att.net

and it will be added to our data base for future issues.

Bring Your Tools

If you have an extra hammer, common and Phillips head screw drivers, tape measure, pliers, nail apron, level, drill, hand saw, miter box, socket set, etc., please bring them along

to the next Workend. It may save you some time and frustration in your next task as a Bear and it will definitely save the Reservation many dollars for buying sets of tools that may only be used twice during the year.

Statistics from the Fall 2003 Workend

This Fall the rivalry that we've had in the past between Patuxent District and Francis Scott Key District for the highest attendance at the Workend came to a stop because FSK has been divided into two new Districts: Catoctin Mountain and Appalachian Trail. However even if FSK had not been divided, Patuxent would have won the honors with 33 Goshen Bears in attendance compared to 27 from the combination of AT and CM Districts. The breakdown for all Districts is given below. Note that Olde Mill, Potomac and Seneca Districts are still listed because Bears haven't recorded their new Districts. Please let us know which District you are now in so we can get our records straight.

Adult GOATs Needed

We Bears love and support Goshen Scout Reservation. If you're like me you'd like to spend more time at Goshen but don't necessarily want to commit for a week-long leadership position with a Troop or Pack. Most of us have "Been there, done that," and got multiple T-shirts to show for it Still, the lure of Lake Merriweather calls us.

Goshen OA trail Crew (GOAT) is a unique 2 week program for Order of the Arrow members age 15 and older. Modeled after the OA Trailcrew at Philmont, GOAT combines a week of service work, building and maintaining trails followed by a week of high adventure program activities at Len Hok'sin. This highly successful program is entering its third year and needs your support.

Adults are needed to provide logistical support to the youth participants. This is an opportunity to spend time at Goshen when it comes alive during the summer program without the week long commitment closely supervising a group of camp age Scouts. Your services are welcome if you want to spend a day, 3 days or an entire week. Adults are needed to provide transportation for food, tools, and materials in addition to general support for the work crew.

While OA membership is desirable for adult supporters, it is not a requirement If you're interested in the program and want to learn more contact GOAT Adviser Phil Graham by e-mail at Phillip.Graham-Contractor@bmdo.osd.mil , 703- 497-4279 or Dennis Keener at Dkeener@starpower.net, 703-590-2298.

Fall 2003 Workend Results

Crew # 1 – Refrigeration
Crew - "Sandford and Son", Craig and Justin Sandford
Results - checked every refrigeration and air conditioning unit on the reservation. They identified the repairs necessary to the broken units, performed preventive maintenance on all other units and left a list of parts and materials needed to repair the unit
Remarks – Craig will work with the head ranger to arrange for completing as many repairs as possible in the Spring.

Crew # 2 - Transport damaged camp site picnic tables from camp assembly areas to maintenance area for repair over winter and spring workend.
Crew – Paul Gunther, Jay Thompson, Bill Haynes. Bev Taylor helped on Sunday.
Results – Picked up and transported 15 tables from camp Olmstead, 20 from Marriott, 1 from Ross and 2 from Baird to the maintenance yard.
Remarks – 6 tables at PMI and 20 at Ross remain to be transported.

Crew # 3 - Bridge repair and trail maintenance
Crew – Yvette Turk, Paul Metz, Elsie Metz, Nick Dunten, Gene Eplee, Dennis Keener, Alan Schwartz, Stan Turk, Mike Kolbay, Richard Calkins
Results – Built 65 feet of bridging.
Remarks – 21 feet of bridging remain. Lack of a truck slowed the crew down considerably

Crew # 4 - Cleaning buildings, windows, floors, rest rooms
Crew – Karren Robbins, Janice Robbins, Nicole Thews, Ed Allison, Amanda Wilber; Derek Campbell and Teresa McCusker helped on Sunday
Results – Cleaned Camp Post Admin bldg and Health Lodge and the QM and Health Lodge in Camp Olmstead, Marriott, Baird, PMI, Bowman and Ross.
Remarks – 2-3 rolls of paper towels need to be included in the cleaning materials. Window glass at many locations needs replacing. Several windows need to be re-glazed.

Crew # 5 - Clean out and Repair Roof Guttering
Crew - Anthony Laing, Kevin Correa, Anthony Wilber, Regina Wilber, Bev Taylor
Results – Cleaned and repaired rain gutter at Camp Bowman, PMI, Marriott, Baird Ross, Olmstead and Post. Repaired rain gutter at maintenance yard, ranger residence and office.
Remarks – Mark known problem areas needing repair or replacement ahead of time. Shingles are missing on the Ross dining hall roof (15) and admin. building roof (9).

Crew # 6 - Latrine Repair Camp Baird
Crew - Mike Thomas, C.T. David, Lorin Krusberg, Joel Megonigal, Betty Krusberg
Results – Repaired fascia (one side) and 4 posts on Site 5, Replaced 4 posts on site 4
Remarks – Site 3 needs rafters on one end. Site 2 needs 2 posts, 2 end rafters and fascia replaced. Sites 1 and 4 no work needed. Need advanced notice of job assignment to bring proper tools.

Crew # 7 Stain outside latrine walls and fascia trim Camp Marriott
Crew – Roger Soles, Lisle Bean, Howard Brown, Bill Dawson, Bill May (Sat.) Bob Hogan (Sun)
Results – All targeted latrines repainted
Remarks - A hose hookup to wash off bugs and mud before painting. Could let them dry before painting. Congratulations to set up crew.

No Photo received
