Fall Workend September 24 – 26, 2004

Workend Manager's Column **by John Ruppel**

We are gearing up for the next great Goshen Bear Workend. As soon as I receive a good list of tasks, I will begin to contact individual Crew leaders and make some of the job assignments. Thanks to everyone for being Great Goshen Bears and sometimes taking assignments that may not be exactly what you would like to do. Each of the Bear's jobs is important because, in doing them, we are easing the burden for all of the camp staff. By completing jobs that would have been shelved for lack of resources, we are helping to make Goshen Scout camps a better experience for our Scouts and Scouters. I hope to see everyone at the Fall 2004 Workend. With your usual "Can Do" attitude, we will again have fun and contribute to the Scouting experience.

In Scouting,

John Ruppel

From the Mouth of the Head Bear

by Jim Sundergill

It hardly seems possible that this Fall will be my last full Workend as your Head Bear. According to the bylaws of the Bears, the Head Bear can only serve for two years at a time. Therefore during the Saturday evening business meeting at the Spring 2005 Workend, I will relinquish my role as Head Bear. So this Workend will be my last full Workend in that capacity.

One major task that I have left is to appoint one of the Bears to head a committee to select the new Head Bear. That Bear will then select a committee of other Bears to nominate, vote and finally convince the person elected to accept the position. I'm sure whoever is chosen will do a great job and I'll certainly help him or her in any way that I can. In the meantime, at the Fall Workend, let me know if you'd like to chair the selection committee, participate on it or be considered for the next Head Bear.

FROM THE DESK OF THE RECRUITING MANAGER

Ask any one who has been down to Goshen as a bear and they will tell you, working at Goshen has been rewarding, gratifying, and most of all, fun. You meet people from all over the national capital area and make friends that you would have never known. Please bring down someone new who can have the opportunity you have been having all these years. They can share in the work and fun, Contact me with the name, address, and e-mail and I will follow up with them with a new Bear Packet and a personal call. Asking new people to join us is important if we want to provide the man power needed to keep our promise to council to help maintain the camp. I know we can count on you.

YIS,

Adreon

THE BEAR FACTS GOES HIGHER-TECH

As many of you already know, this issue of *The Bear Facts* was posted on the new NCAC website. Everyone was also mailed a hard copy of the paper. The website edition was posted much earlier than the ones that went by postal mail, it cost the Goshen Bears nothing to deliver and it has color pictures rather than no pictures in the hard copy version. Hopefully you will have deduced that the electronic version is a better deal all around.

Consequently, this will be the last issue of *The Bear Facts* that will be mailed out to everyone. If you wish to continue receiving a hard copy in the mail, please either call me at 301-898-7549 or send me a note at 7015 Sundays Lane, Frederick, Maryland 21702. Unless I hear from you that you prefer to have your copy mailed to you, I'll assume that you can either get it off the website or no longer want to get it at all.

To access the Goshen Bears page, go to the NCAC website: www.boyscouts-ncac.org, click on Goshen Reservation and then on The Goshen Bears.

Incidentally a special thanks goes out to Clay Greer who provided the high tech artwork for the Goshen Bears logo on display in this issue of *The Bear Facts* and on our web page.

Statistics from the Spring 2004 Workend

The results from the Spring Workend are listed below. As you will see, the Bears are almost totally represented by the Maryland and DC Districts but Chain Bridge District is starting to increase its participation. Unfortunately Colonial District from Virginia-Central Service Area, Aquia and Patriot Districts from Virginia-South and Piedmont and Sully from Virginia-West still continue to have no support for the Bears. We would love to have representatives from all NCAC Districts, so please call one of the recruiters listed further back in this newsletter and sign up now.

It's hard to say who won the honors for most people at the Bears this time. The break up of the old Maryland Districts has apparently caused some confusion among the Bears. For example there were 26 registered from FSK, 12 from Olde Mill, 2 from Potomac and 3 from Seneca even though those Districts no longer exist. It will be even worse this Fall since Patuxent, Two Rivers and Southern Maryland have now changed also. So please be sure to check your District listing when you sign in this Fall so we can get the statistics straight come Spring.

Special thanks to Bob Wehr for helping compile all these statistics and for making the address labels to mail out *The Bear Facts*.

New Bears

There were 20 new Bears that registered with us this past Workend. They are as follows:

Margaret Bosley-Brightbill
Bryan Bravo
Monique Cameron
Jeff Crabb
Cassandra Ford
Mary Hanssen
Russell Headlee
Jamil Smart
Dan Speace
Will Stein
Ray Turish
Bob Westhead
Malik Williams
Anthony Woolbright
T. J. Willis

Bring Your Tools

If you have an extra hammer, common and Phillips head screw drivers, tape measure, pliers, nail apron, level, drill, hand saw, miter box, socket set, etc., please bring them along to the next Workend. It may save you some time and frustration in your next task as a Bear and it will definitely save the Reservation many dollars for buying sets of tools that may only be used twice during the year.

Two Timers

As you know, once a Bear comes back for their second Workend, they are awarded a leather Goshen Bear patch with their name on it. This past Spring we had 12 Bears who fit in this category. They are:

Brett Ford
Tony Gilbert
Ben Greenspon
Brandon Jones
Tyler Jones
Donald Lent
Kevin Rowe
Zack Tadaki
Jay Thompson
Yvette Turk
Joshua Walker
Anthony Wilbur

EXTRAORDINARY BEARS

Last Winter, Ralph Loen was appointed chairman of the Extraordinary Bears committee. That committee is empowered to review the Goshen Bears membership list to determine if there are any Bears deserving of being distinguished as Extraordinary Bears. Ralph's group came up with four Bears they deemed to be worthy of the honor and presented certificates to them at the Spring Workend. The Bears so honored this Spring were: Bob Leek, Jim Sundergill, Gene Schweiss and Greg Donlon.

~~Old~~ Experienced Bears

Vic Barker and Brian Horn both got their 25 session awards this Spring. In the past silver colored metallic claws were handed out but for the present they are no longer available. So Brian and Vic got silver painted plastic claws that they can wear until we find another source for the metal ones. In the meantime, congratulations to Vic and Brian and thanks for all the work you've put in for the Bears and Goshen.

Spring 2004 Workend Results
