BP Bits:

Many books have been written about B-P who was a real-life hero. Baden Powell's life story can be especially inspiring to young people who read and learn about his exploits during the Boer War. The first book about B-P was written in 1900 and over 30 have been written since. One biography is entitled *Baden Powell: The Two Lives of A Hero* written by his close personal friend William Hillcourt (better known as Green Bar Bill) with help from B-P's wife, Olave, Lady Baden-Powell.
It is an astonishing tale of an amazing man and the age in which he lived. It covers the two careers of Baden-Powell: the first as a soldier and British national hero; the second, as founder and guiding genius of Scouting. First published in 1964, this book has been released in several editions, several languages and hundreds of thousands of copies have sold worldwide. It is a great first book to read about our Founder.

Scouting in Denmark:

The Scout and Guide movement in Denmark consists of about ten different associations. Most of them are members of two large federations, but there are also some independent organizations. Affiliated to Danish Scouting and Guiding are the organizations in Greenland, on the Faroe Islands and in Southern Schleswig. Scouting in Denmark started in 1909. Danish Scouts were among the charter members of the World Organization of the Scout Movement (WOSM), and Danish Guides were among the founding members of the World Association of Girl Guides and Girl Scouts (WAGGGS). **Fællesrådet for Danmarks Drengespejdere** (Danish Scout Council, 47,475 members), has the following membership: (for more information, google the association)
